DIVISION OR BCA OVERVIEW

BRIEFLY DESCRIBE THE DIVISION/UNIT FUNCTIONS

The State Treasurer is responsible for the safe and prudent investment of State monies with a minimum service cost and a maximum yield on investments. The Investment Division is charged with handling the State's various millions in daily security investment transactions, as well as assisting various state agencies with separate investment authority. Local agencies participate in the State's Local Agency Investment Fund, which allows local governments to voluntarily deposit temporarily idle monies with the Treasurer for purposes of investment. The benefits of pooling monies with the State's surplus cash balances include a higher rate of return than the smaller local agencies could obtain by investing independently, as well as lower investment costs through the reduction of handling charges.
